

# Sneeze Guard

Specialized Cleaner for Plastic, Lexan & Plexiglas  
Streak Free • Non-Hazing • Ready to Use

# Specialized Cleaner for Plastic, Lexan & Plexiglas

## DESCRIPTION

Sneeze Guard is a safe cleaner which may be used on Plexiglas, Lexan, fiberglass, glass, plastic and other hard shiny surfaces. Sneeze Guard will not scratch, cloud or haze surfaces. Ideal for cleaning and preserving the appeal of salad bars, cafeteria serving lines, menus and other display cases. Sneeze Guard is fast evaporating and leaves no lingering odor. Cleans finger prints, soil, spray from sneezes, condensation and other soils to restore a sparkling clear unobstructed view.

## DIRECTIONS

Spray cleaner directly onto the surface to be cleaned. Wipe area immediately with a clean, soft lint free cloth, paper towel or squeegee. Works great on all hard non-porous surfaces.

## ADVANTAGES

- ❖ **Cleans & Deodorizes** – Removes soils from surfaces and leaves them clean and fresh
- ❖ **Non-hazing** – Will not haze, cloud or harm plastic, Lexan or Plexiglas
- ❖ **Streak Free Formula** – Produces sparkling clear results on all surfaces
- ❖ **Ready to use** – No dilutions necessary
- ❖ **Multi-Surface Cleaner** – Great for use on plastics, glass or any hard surface

## RECOMMENDED APPLICATIONS

Glass	Chrome	Stainless Steel
Mirrors	Plastic	Lexan
Fiberglass	Plexiglas	

## TYPICAL PRODUCT SPECIFICATIONS

Appearance	Clear pink liquid
Scent	Alcohol
pH	8.0
Weight, per U.S. gallon	7.8 lbs.
Specific gravity	0.93
Viscosity	Thin
Foam	Very Low
Flash Point (TCC)	<100°F
Emulsification	Good
Solubility	Soluble
Stability	Excellent
DOT shipping	Flammable
