DESCRIPTION

Hyzymes is a highly concentrated, non-pathogenic multi-enzyme and bacterial complex that digests oil, fat and grease to keep drains, drain lines and grease traps free flowing and odor free. Its lactobacillus strains are selected to rapidly digest proteins, carbohydrates, fats, oils, greases, cellulose, detergents, sugars and starches, destroying inanimate organic matter, stains and the odors they cause. It also works as a laundry pre-spotter and deodorizer for restrooms, carpets, dumpsters and trash cans.

ADVANTAGES

Digests Grease & Fats
Keeps drains, drain lines and grease traps flowing

Eliminates Odors
Destroys organic matter that causes malodors

Non-Pathogenic Cultures
Over 100 billion bacteria per gallon

Stain Pre-Spotter
Spray on fabric stains before washing

DIRECTIONS

1. **Drain lines:** Add 4–5 oz twice a week to keep drain lines clear.
2. **Grease traps:** Add 6–8 oz each night to maintain good functioning.
3. **Septic and waste holding tanks:** Add 16 oz for every 500 gallons of tank capacity for initial treatment, then 10 oz per week.
4. **Toilet areas:** Spray directly into the bowl or odor source and on surrounding surfaces. Flush or rinse with water.
5. **Dumpsters, garbage cans & trash chutes:** Dilute 4–6 oz per gallon of water, apply with any manual or foaming device and allow to sit. Do not rinse.
6. **Laundry pre-spotter:** Spray over stained and soiled areas on fabric before washing.
7. **General use:** Spray directly on affected areas of carpets, rugs and floors to remove malodors and organic stains.
