

Professional Strength Citrus Solvent & Cleaner

DESCRIPTION

CitraZolv contains a powerful citrus solvent that is 100% biodegradable. It is bio-based and is GRAS (Generally Recognized as Safe) Rated. When used as directed, CitraZolv eliminates the toughest spots and stains from carpeting, clothing and hard surfaces .

DIRECTIONS

Carpet & Upholstery: Apply CitraZolv to a clean white terry cloth and blot the stained area. Repeated applications may be necessary. Do not apply CitraZolv directly on to carpeting or allow to soak in as it may damage carpet backing. Clean area with gentle soap and water and rinse area again with clean water and blot dry with a dry clean white cloth.

Hard Surfaces: Apply CitraZolv directly on the stain. Allow it to dwell for a few minutes to break up the stain then wipe clean. Rinse area with mild soap and water.

Clothing Fabric: Do not treat clothing while wearing. Color test first. Apply CitraZolv directly to the stained area with small repeated applications. Blot stain clean with a clean white cloth. Following directions on its tag, launder treated garments separate from other articles.

Degreasing and Odor Control: Mix 2-6 oz per gallon of water to a mop bucket or sprayer.

ADVANTAGES

- Easily penetrates & removes stains
- Non-corrosive
- Non-caustic
- Environmentally Safe
- Contains no phosphates
- VOC Compliant

REMOVES

- Wax
- Tar & Asphalt
- Crayon, Pen & Marker
- Stickers & Decals
